  Percentage: 88%
- 10th completed from Sahyadri Vidyalay, Brahamanwada
  Percentage: 85%

Project

" Steganographic metadata Embedding to Trace the Footprint of ChatApp Images." Conducted research, development, and documentation for a project that embeds sender and receiver information into images shared via chat applications using the Least Significant Bit (LSB) steganography technique. This system enables tracking of image origin and destination, facilitating the investigation of digital crimes involving message exchanges. I was responsible for conducting research, performing testing, and preparing comprehensive documentation, including research papers, copyright filings, and technical reports.
